

MRS. JAYANTHI PINNAGODA

Mrs. Jayanthi Pinnagoda graced the illustrious line of eminent and successful principals of Devi Balika Vidyalaya, when she took over the school in 1988. She committed herself to carry out the mission of the school and to uphold the traditions well established by her predecessors. Despite the fact that it was her first experience as Principal, she contributed her share to enhance the prestige and the image of the school.

In her pursuit for distinction in academic standards of the school, she focussed her attention on getting the maximum service from the teachers available in relevant subject areas. She did not hesitate to strengthen the facilities for complete learning designed to generate lively women who could do much for the country in the future.

She provided ample opportunities to those who had the potential for extra curricular activities in whatever fields they excelled. In spite of the additional responsibilities they were entrusted with, she guided them to do their studies well.

As past pupils of Devi Balika Vidyalaya, we wish her good health and long life.
